# Flow restrictor for angle valves DN 10

Pressure-independent flow restrictor.

## Technical data

- flow: max. 4 l/min pressure independent
- Material: Brass, conform to German drinking water regulations
- Surface: Chrome
- Connection: DN 10 G 3/8 IG
- Outlet: DN 10 G 3/8 AG

## Delivery data

- Weight: 0,03 kg/Piece
- Packing unit: 1

## Mounting instructions

- When connecting copper pipes or flexible hoses to pipe stubs, use high-tensile brass cone compression connection with length compensation.
