Article number: 06 555 06 99

Flow restrictor for angle valves DN 15

Pressure-independent flow restrictor.

Technical data

- flow: max. 9 l/min pressure independent
- Material: Brass, conform to German drinking water regulations
- Surface: Chrome
- Connection: DN 15 G 1/2 IG
- Outlet: DN 15 G 1/2 AG

Delivery data

- Weight: 0,05 kg/Piece
- Packing unit: 1

Mounting instructions

- When connecting copper pipes or flexible hoses to pipe stubs, use high-tensile brass cone compression connection with length compensation.
