Hygiene at an attractive price.
By SCHELL.**

MODUS Trend E, mixed water

Contact-free operation

Attractive price/performance ratio

Vandal-proof, robust

BREEAM- and LEED-ready

MODUS Trend E, cold water

SCHELL wash basin tap MODUS Trend E.

The affordable contact-free alternative for optimum hand hygiene in public buildings.

The new MODUS Trend E has been designed specifically to meet the needs of public buildings. Thanks to its contact-free operation, it reduces the risk of contact infections during hand washing and so helps to protect the health of its users. The robust metal design is vandal-proof and features a security device to protect against the deliberate blocking of the IR sensor – such as with chewing gum.

Product description:

- MODUS Trend E HD-K: Electronic wash basin tap for cold water and pre-mixed water, battery or mains operation
- MODUS Trend E HD-M: Electronic wash basin tap with mixer shaft, battery or mains operation
- Incl. flow regulator with pressure-independent flow volume regulator
- Not compatible with SWS/SSC

Technical data:

- Flow volume: max. 3 l/min at 3 bar, pressure-independent
- Flow pressure: 0.5–5.0 bar
- Operating temperature: max. 70 °C
- Thermal disinfection: max. 80 °C
- Finish: chrome
- Materials conform to German Drinking Water Regulation
- Energy-saving function: When the tap has not been triggered for over 30 minutes, the scan time is delayed by one second.
- Noise class 1

Recommended associated items

SCHELL LEED flow regulator 1.33 l/min

Item no. 28 931 00 99

SCHELL flow regulator 5 l/min

Item no. 28 933 00 99

Advantages:

- Contact-free, hygienic operation to protect user health
- Attractive price/performance ratio
- Vandal-proof, robust all-metal design
- With reverse polarity protection
- Protection against deliberate blocking of the IR sensor
- Flow regulator retrofit helps to acquire BREEAM and LEED certification (1.33 l/min; as supplied: economical 3 l/min)
